Subject: Testimony for SUPPORT Olowalu and Makila on West Maui Community Plan Update

Dear Members of the CPAC

I am a Real Estate Broker and a manager of several businesses that operate in West Maui. These operations have daily staff in both the Olowalu and Makila areas, we employ approximately 25 people at those locations. To my knowledge only a few of the employees own homes or rent homes in West Maui. Many of them commute daily from Central Maui and Upcounty and are crowded in with other family members.

West Maui desperately needs housing options for Maui families and the employees of businesses that operate in West Maui. Please vote to keep the rural housing options in Makila and Olowalu available. These areas were designated after dozens of public meetings and the hard work the GPAC committee in a process that took years to carefully plan and decide on.

Thank you for considering the voice of the residents and employers that aren't able to attend your meetings.

Regards

Glenn Tremble R(B)

West Maui Land Company, INC.

And

Manager

Camp Olowalu and West Maui Land Field and Water operations
