Peter,

I would like to express my support, personally, and on behalf of our employees, for your housing endeavors in West Maui. I am familiar with the projects the you and Hope Builders have created thus far on Maui, and they are truly a blessing to the community. You have created wonderful neighborhoods, designed for Maui families, which are affordable and high quality. You are meeting the needs of the community and helping to stabilize a serious problem - affordable housing. Recently, it was noted in the papers that Hawaii is losing population due to the high cost of living. Your developments are certainly helping to keep Maui residents on Maui.

Thank you!

Hi Pete,

Sounds useful. Not familiar with the details. Is an overview available?

Does the Olowalu community support the project? Any opposition?

Have been actively supporting Gerriane's knee replacement recovery...been a demanding process and experience.

Am currently in the physician's office proactively attending to some minor issues.

Dear Mr. Martin,

We would support local owner/occupant housing proposed at Olowalu & Makakila/Launiupoko provided these are not sold to speculative second homebuyers and vacation rentals are prohibited. It would also be great if these could not be 'flipped' for 20-30 years!

All in all, it seems like a good proposal, good luck.

Sincerely, Brian McCafferty

Aloha Peter,

Mahalo for your message. Being born and raised on Maui I do support housing for our local residents. I especially support any outreach for the workforce population. I have lived and worked on Oahu for the last 38 years. My children & grand children live with me and my wife who was born and raised on Oahu. They cannot afford housing here. I still have family and friends on Maui. They also have "extended family arrangements" for the same reasons. I do support your efforts to provide housing opportunities in Olowalu and Makila for the local residents. Good luck to you with your efforts.

I'm in support of owner occupant housing in Olowalu and Makila/Launiupoko. I feel it is extremely important to provide housing for maui residents. Far to many intelligent and talented maui residents move off to the mainland as the hopes of owning a home seem out of reach.

Aloha,

I am in favor and support the housing in Olowalu and Makila / Launiupoko. This housing addresses and immediate need for housing for locals already here on Island, which mean their cars are already on the roads and most likely already on the West Side, so really the major impact would be on the housing situation more than any traffic or fire situation. I personally have a long list of friends and family, born and raised Lahaina residents, both single and family that have never owned and are currently renting on the Westside and throughout Maui. What a blessed opportunity to have a developer even consider a local development when million dollar parcels blanket that exact area. I hope for our community to start supporting this developer, who clearly wants to improve our Islands situation for the betterment of the people, and how fortunate that their particular focus is for our current Maui residence. For once we are talking about US the island residents, not tourist, not the travel industry but the locals that fill this Island! We have to seize this opportunity, no one is guaranteed tomorrow so hopefully the committee will act now and IMUA with the proposed development.

Mahalo,
Jinny Dean-Yap

Aloha,
I need a favor. Will you write an email or just press reply to this email? This email is going to friends that support housing in Olowalu and Makila / Laniupoko.

The Community Plan Advisory Committee is going to meet this Thurs (Feb. 20) at 5:30 pm at the Lahaina Civic Center and vote on whether housing for local owner occupants should be allowed on the Olowalu and Makila Lands.
Hope Builders is owned by Peter and Maggie Martin who want to build homes for owner occupants and current Maui residents. The homes will not be sold to nonresident or second home buyers nor will vacation rentals be allowed.
Please 'reply' and email me that you support homes for our residents in Olowalu and Makila. Maps are below.
I would love to hear comments.
Mahalo for your support.

Morning Peter..... I support your intention. Personally, I am all for residential housing for "kamaainas", specifically "affordable" housing. Too many expensive homes being built on prime land.

However, I'm not sure how you can "police" the requirement and assure that the properties will be "owner-occupied" and not turned into rentals down the road.

But, I wish you success.....

Hi Deda~

I am totally in support of these homes!! It will allow our keiki's to want to come back after college!! There are also so many young families that would love to own their own home instead of renting. It will help out a lot of locals ☺

Mahalo, Peter, for actively taking part in bringing Maui residents to the opportunity to purchase a home and own it hopefully for generations to come. And, then, you add to this activity by bringing support in the form of an email. Mahalo! We need a continuum of families calling and making Maui home, take care of it, and they need housing. Kokua in that direction, mahalo. Al Lagunero

Aloha Peter,

I am totally in support of your plan for owner-occupant and current Maui residents. When I attended the recent conference on affordable housing I brought up the old Colin Cameron plan of selling lots at cost to only ML&P employees which they could then get a loan on their property and build any style home they liked on the land. The main point is the housing was only for local residents based on how long they had worked for the company. Names were put on the list for future subdivisions when they joined the company. The other rule was they could not own any other property on Maui.

If you could somehow have a list of Maui full-time residents interested in living in your subdivision and work down the list that would be awesome!

Best of luck!
Aloha,
Donna Clayton

My name is Dutch H. Akana and I am writing this on behalf of myself in support of the Olowalu, Makila / Launiupoko project. The island of Maui is in dire need of affordable workforce housing for are local's who live and work on the west side Hope Builders has been providing opportunities for families that are born & raised on this island to be able to afford to work & LIVE on this island. His various other projects such as Kahoma, Pauwela and Waiale has provided houses for the necessary workforce that we need to sustain our growing island. As a small business owner, I am dependent not only on these types of jobs for my workers and there families, but also so that my workers have affordable housing. Two of my 3 children are able to afford to live on Maui as a result of these types of projects. I humbly ask you to consider these projects for the betterment and continued livelihood of hardworking local families that need both work and affordable homes to live and raise there families.

Aloha Maggie & Peter..... you should be commended for the vision of this type of project that will truly provide a home ownership for local people at I'm sure an affordable price. Thanks for sharing you conceptual plans, this would be an excellent location to own a home for those on the west side who want to get out of the busy Lahaina proper.

Best of luck on an excellent development!

Aloha,

I need a favor. Will you write an email or just press reply to this email? This email is going to friends that support housing in Olowalu and Makila / Launiupoko.

The Community Plan Advisory Committee is going to meet this Thurs (Feb. 20) at 5:30 pm at the Lahaina Civic Center and vote on whether housing for local owner occupants should be allowed on the Olowalu and Makila Lands.

Hope Builders is owned by Peter and Maggie Martin who want to build homes for owner occupants and current Maui residents. The homes will not be sold to nonresident or second home buyers nor will vacation rentals be allowed.

Please 'reply' and email me that you support homes for our residents in Olowalu and Makila. Maps are below.

I would love to hear comments.

Mahalo for your support.

As a long time Maui resident, I strongly support housing for local owner occupants on the Olowalu and Makila Lands. This would help address the housing shortage on the island.
Thank you.

Aloha,

Myself and our family strongly support this housing development. Our community is in desperate need for this type of housing. This is the perfect place, people and opportunity.

Thank you for your consideration.

Peter,

I am in full support of building new homes in the Olowalu and Makila area for owner occupants and Maui residents. I believe the housing shortage is a critical problem here in Maui and I thank local developers like you for addressing the issue.

Mahalo,

Michael Petersen
